WEEKLY RANGER ATHLETICS RECAP BY SPORTS INFORMATION DIRECTOR, DEAN MASON

The first men's soccer game is at home Sunday at 1pm against Wayland Baptist University. The first women's soccer game is Monday at 3pm at Randall University.

Coach Nicole Smith's Lady Ranger volleyball team opened up their season in Garden City, Kansas this weekend. They finished the weekend with record of 2-1 defeating Trinity State College and Northeast Community College after falling to Allen County Community College in 5 games.

MORE THAN JUST BOOKS BY GOLEMON ASSISTANT LIBRARIAN, HELEN COZART

Welcome back! We hope you are as excited to be here as we are. There are some really great things happening this year. To start, we have two major eclipses - October 14th is an annular eclipse. This is the ring of fire type, close to full but not quite. We are directly in its path. The second is a total eclipse on April 8th. We are a tiny bit north of the main path, but will still experience it fully. The library will be providing eclipse viewing glasses to the students, staff, and faculty. Drop by in October to pick them up. We will be hosting a variety of events to draw attention to space and space sciences. We have a lot of resources developed for you as well and hope you will be able to incorporate something in your classes this year.

What to do this weekend: Are you a bike rider? Wichita Falls is hosting the Hotter 'n Hell 100 from August 24 - 27. Cyclists will race one hundred miles in what are typically temperatures over 100°. Are you one of those who find the reward to be worth the work?

In the Window this week: Our windows this year are going to be dedicated to space and space science. If you would like to look at the whole schedule so you can coordinate classroom instruction, check out the calendar. We are starting light, with vocabulary and general reference as a warm up. Let your students know that all the books in the window are available to check out. I love opening it up to share something that caught someone's eye.
